- 1 Shiv is a trader. His financial year ends on 31 August. He does not maintain a full set of accounting records but was able to provide the following information for the year ended 31 August 2021.

Total revenue \$320 000
 Mark-up 25%

Bank account summary for the year ended 31 August 2021

	\$		\$
Balance b/d	49 000	Expenses	34 000
Cash sales	3 700	Drawings	4 200
Receipts from trade receivables	312 400	Payments to trade payables	257 700
		Equipment	16 000
		Balance c/d	53 200
	<u>365 100</u>		<u>365 100</u>

Assets and liabilities

	1 September 2020	31 August 2021
	\$	\$
Inventory at cost	23 500	?
Trade receivables	22 000	25 900
Expenses owing	—	400
Trade payables	32 600	29 600
Equipment at net book value	—	12 800
Premises at cost	90 000	90 000

Shiv had withdrawn \$900 for a family holiday during the year. He had included this in the expenses.

On 31 August 2021 Shiv decided to create a provision for doubtful debts of 3% of trade receivables.

REQUIRED

- (a) Calculate the purchases for the year ended 31 August 2021.

.....

.....

.....

.....

.....

.....

..... [3]

3

- (b)** Prepare the income statement for the year ended 31 August 2021. The inventory on 31 August 2021 should be clearly shown within the statement.

Shiv
Income Statement for the year ended 31 August 2021

[illegible]

[11]

- (c)** Name the accounting principle Shiv should apply when recording the \$900 he had used for a family holiday.

..... [1]

4

Shiv has always valued his inventory at cost price. He is considering valuing the inventory on 31 August 2021 at selling price as he believes it would result in a higher profit for the year.

REQUIRED

(d) Discuss the implications of Shiv valuing the inventory on 31 August 2021 at selling price.

- 2 Viraj is a retailer. He buys on credit and sells for cash. He rents out an area of the shop to another business for \$172 per month.

Viraj's trial balance at 31 January 2025 was as follows:

Viraj
Trial Balance at 31 January 2025

	Debit \$	Credit \$
Revenue		89 600
Rental income		2 580
Sales returns	2 195	
Inventory at 1 February 2024	4 500	
Purchases	53 700	
Rent and insurance	8 760	
General expenses	2 945	
Wages	7 350	
Stationery and advertising	710	
Bank charges	143	
Fixtures and fittings at cost	12 500	
Provision for depreciation of fixtures and fittings		3 750
Trade payables		3 125
Bank overdraft		1 260
Capital		7 793
Drawings	15 305	
	108 108	108 108

Additional information

- 1 Inventory at 31 January 2025 was valued at \$5900.
- 2 Depreciation on fixtures and fittings is to be charged at 15% per annum using the straight-line method.
- 3 Rental income included the amount due for the period from 1 February 2025 to 30 April 2025.
- 4 At 31 January 2025, Viraj owed \$282 for wages and \$55 for advertising.
- 5 After the trial balance was prepared, Viraj received a bank statement which showed that bank charges of \$13 had been paid in January 2025.

- 4 Talula owns a hairdressing salon. She also rents out part of her property to Sheila, who offers a range of beauty treatments. Talula provided the following information for the year ended 30 September 2025.

	\$
Salaries	81 500
Electricity charges	23 500
Water charges	4 150
Income from hairdressing	124 700
Insurance	2 067
General expenses	952
Property tax	3 045
Rent received from Sheila	6 400

Additional information:

- 1 Insurance of \$2067 is for the period from 1 October 2024 to 31 October 2025.
- 2 Sheila commenced renting property from Talula on 1 October 2024. There remains two months of rental payments in arrears.
- 3 Property tax of \$3045 is for the period 1 October 2024 to 31 December 2025.

REQUIRED

- (a)** Prepare Talula's income statement for the year ended 30 September 2025.

Talula

[illegible]

[5]

13

Talula has been notified by her electricity supplier that costs of electricity will increase by 15% with effect from January 2026.

REQUIRED

- (b) Suggest **two** courses of action that Talula might take to ensure that her profit for the year is **not** affected. For **each** course of action, state what impact the course of action might have on Talula's business. An example has been provided in the table.

Suggested course of action	Impact on the business
<i>Increase service prices</i>	<i>Reduced number of customers</i>

[4]

To allow debit and credit card payments, Talula would need to incur the following costs:

Digital cash register	\$550
Card payment machine (hired)	\$20 per month
Transaction charge	1.5% of the value of each transaction

REQUIRED

- (c) Advise Talula whether or not she should accept card payments. Justify your answer by providing **two** arguments for and **two** arguments against Talula accepting debit and credit card payments.

[5]

[5]

15

Sheila, who rents part of Talula's premises, has asked Talula if she would be interested in forming a partnership.

REQUIRED

(d) State **three** advantages for Talula of forming a partnership with Sheila.

- 1
-
- 2
-
- 3
-
- [3]

(e) Identify **three** clauses (other than how profit or loss will be shared) that the partnership agreement should cover if Talula agrees to the partnership with Sheila.

2 John and Banu are partners.

The partners provided the following list of balances at 31 March 2021.

	\$
Revenue	158 000
Inventory at 1 April 2020	9 400
Purchases	69 200
Rates and insurance	11 250
Wages	10 475
General expenses	9 675
Discount allowed	2 000
Commission receivable	4 800
Balance at bank	4 000
Trade receivables	14 150
Trade payables	5 835
Premises at cost	130 000
Fittings at cost	18 000
Provision for depreciation of fittings	8 100
Loan from John	10 000
Capital accounts	
John	75 000
Banu	50 000
Current accounts	
John	4 050
Banu	2 365
Drawings	
John	19 000
Banu	21 000

Additional information

- 1 Inventory at 31 March 2021 was valued at \$9200.
- 2 Rates of \$650 were unpaid at 31 March 2021.
- 3 Commission receivable of \$300 was due at 31 March 2021.
- 4 Depreciation on fittings is to be charged at 15% per annum using the straight-line method.
- 5 The partnership agreement provides for:
 - interest on partner's loan of 5% per annum
 - interest on drawings of 6%
 - interest on capital of 3% per annum
 - a salary to John of \$8500 per annum
 - residual profits and losses to be shared 40% to John and 60% to Banu.

7

REQUIRED

- (a)** Prepare the income statement for John and Banu for the year ended 31 March 2021.

John and Banu
Income Statement for the year ended 31 March 2021

[illegible]

[9]

8

(b) Prepare the appropriation account for John and Banu for the year ended 31 March 2021.

John and Banu
Appropriation Account for the year ended 31 March 2021

[illegible]

[5]

(c) State the purpose of:

(i) charging interest on the partners' drawings

[1]

[1]

(ii) paying interest on the loan from John.

[1]

[1]

9

- (d) Complete the table by placing a tick (✓) against **each** statement which describes an advantage to John of being in a partnership with Banu.

Continuity of existence of the business	
Banu may have skills and knowledge which John does not have	
John is only liable for business debts up to the amount he agreed to contribute	
Additional finance is available to the business	
Risks and responsibilities are shared	
John is bound by the actions of Banu carried out on behalf of the business	
John can discuss matters with Banu before making decisions

- 5 Stella started in business as a retailer on 1 April 2023. She sells one type of good only. She has not kept a full set of accounting records but has provided the following information.

- 1 Half of Stella's purchases were on cash terms and half on credit terms. During the year ended 31 March 2024, Stella paid \$34 250 to credit suppliers. On 31 March 2024, she owed \$2960 to credit suppliers.
- 2 Unlike her competitors, Stella made all of her sales for cash. Stella's mark-up was 32%.
- 3 The following amounts were paid for expenses during the year to 31 March 2024.

\$

Rent and insurance 6750

Wages 8300

Other expenses 1815

- 4 At 31 March 2024, \$300 was unpaid for wages and \$500 was paid in advance for rent.
- 5 Insurance is \$2400 per annum. On 1 April 2023, Stella paid \$3000 for insurance for the following 15 months.
- 6 Other expenses included \$120 paid for vases and flowers. One third of these were for Stella's own home. Stella treats business costs of under \$150 as revenue expenditure.
- 7 Inventory was valued at \$6420 at 31 March 2024.

REQUIRED

- (a) Calculate total purchases for the year ended 31 March 2024.

.....

.....

.....

..... [3]

19

- (b)** Prepare Stella's income statement for the year ended 31 March 2024.

Stella
Income Statement for the year ended 31 March 2024

[illegible]

[8]

Stella's sales revenue was the same each month for the year to 31 March 2024. She is now considering selling on credit terms as well as for cash.

REQUIRED

- (c) Advise Stella whether or not to start selling on credit terms. Justify your answer by providing points for and against starting selling on credit.

[5]

[5]

20

(d) State:

- (i) the accounting principle which Stella is following when she treats payments for small items which may last longer than one year, as revenue expenditure.

.....
 [1]

- (ii) one advantage of following the principle in **5(d)(i)**.

.....
 [1]

(e) State **two** advantages of maintaining a full set of double entry accounting records.

.....

2 Ben runs a small business but does not maintain a full set of accounting records. He has provided the following information:

	31 March 2024	1 April 2023
	\$	\$
Premises at cost	140 000	140 000
Machinery at cost	106 000	92 000
Accumulated depreciation on machinery	36 000	10 000
Inventory	42 000	24 600
Trade receivables	43 400	39 600
Trade payables	19 700	24 750
Bank	13 000 debit	3 200 credit
Other receivables	1 200	1 650

REQUIRED:

(a) Calculate Ben's opening and closing capital.

	Workings	Answer \$
Capital at 1 April 2023		
Capital at 31 March 2024		

7

During the year ended 31 March 2024, Ben withdrew goods for his own use, \$620. He also deposited an additional \$10 000 cash into the business bank account from his personal funds.

REQUIRED:

- (b) Calculate the profit for the year using the table below. Include your opening and closing capitals from 2(a) and indicate whether the amounts of Ben's transactions shown should be added or deducted from the opening capital.

	Added to opening capital \$	Deducted from opening capital \$	Total \$
Capital at 1 April 2023			
Capital introduced			
Profit for the year			
Drawings			
Total adjustments			
Capital at 31 March 2024			

[4]

In addition, Ben was able to provide details of transactions received and paid.

	\$
Receipts from credit customers	452 000
Cash sales	21 000
Payments to credit suppliers	224 700

REQUIRED:

- (c) (i) Calculate Ben's credit purchases for the year ended 31 March 2024.

.....

.....

.....

.....

.....

.....

.....

.....

[3]

8

(ii) Calculate Ben's **total** sales for the year ended 31 March 2024.

[illegible]

[3]

As his business is growing, Ben is considering maintaining a full set of accounting records. To allow him to do this, he believes he would need to employ an experienced book-keeper at a salary of \$18 000.

REQUIRED:

(d) Advise Ben whether he should employ a book-keeper. Justify your answer with **two** advantages and **two** disadvantages of employing a book-keeper.

This image shows a full page of white paper with horizontal dashed lines, typical of primary school handwriting practice paper. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

[5]

9

Ben has reviewed the age and level of his trade receivables and believes he should provide for possible doubtful debts.

REQUIRED:

- (e) (i) Which accounting principle would he be applying by creating a provision for doubtful debts?

.....

.....

[1]

- (ii) Complete the table by placing a tick (✓) to show what effect creating a provision for doubtful debts would have on Ben's profit for the year, trade receivables and cash at bank.

	Profit for the year	Trade receivables	Cash at bank
Increase			
Decrease			
No effect

- 5 Rexford is a trader. All his sales and purchases are on credit. He does not keep a full set of accounting records but has provided the following information.

Assets and liabilities at 1 January 2024:

	\$
Fixtures and fittings (cost)	28 000
Accumulated depreciation on fixtures and fittings	22 400
Inventory	6 000
Trade receivables	21 750
Insurance prepaid	300
Cash at Bank	3 425
Trade payables	5 680

Bank payments during the year to 31 December 2024:

	\$
Trade payables (after deducting cash discount of \$380)	68 100
Rent and insurance	10 120
General expenses	4 730
Wages	6 400
Drawings	12 200

Additional Information

- The only amounts received during the year to 31 December 2024 were \$103 200 from trade receivables.
- Rexford applies a mark-up of 50%.
- Depreciation is charged at 20% using the straight-line method.
- Inventory at 31 December 2024 was valued at \$400 more than inventory at 1 January 2024.
- The amount owed to trade payables at 31 December 2024 was 25% more than the amount owed at 1 January 2024.

19

REQUIRED

- (a) Prepare Rexford's purchases ledger control account for the year to 31 December 2024. Balance the account and bring down the balance at 1 January 2025.

Rexford
Purchases ledger control account

[illegible]

[4]

- (b)** Prepare Rexford's income statement for the year ended 31 December 2024.

Rexford
