Probability

50 questions | 79 exam pages

09

Statistics

68 questions | 125 exam pages

10

Legacy matrices (removed from current syllabus)

2 questions | 2 exam pages

HOW TO USE THIS BANK

A focused routine for every topical session

01

Choose one subtopic

Use the contents page or PDF bookmarks to jump straight to a focused section.

02

Attempt without notes

Show all working, use the calculator carefully and keep exact values until the final step.

03

Record your result

Tick Done, write your score in Mark and flag weak questions for Review.

04

Correct every error

Write the correct method beside the question, then attempt it again after a few days.

05

Mix topics later

After completing topical practice, move to timed full Paper 4 examinations.

CURRENT SYLLABUS NOTE

The separate legacy matrices file is retained only for older-paper practice and is not part of the current syllabus topic list.
